Second Round in S.W.F.L.

The second round of the S.W.F.L. at least produced one surprise when the Staveley team poked 2 goals through the posts to the one goal tally for Macleod. Staveley has shown the most consistent form and with the improvement in the forward line-up which is coming, this team promises to be the most likely contenders for the Rogers Cup. Claresholm showed a marked improvement in their play, in the game with Cayley at home but the game could not be called a fast one. The score 3-2, indicates about the division of the play. A very satisfactory financial support was given to the local club by the citizens. Five auto loads passed through town about 10 p.m., bearing Macleod's game horses, home from the game at Staveley. They gave praise to the team which defeated them and expressed their satisfaction with the treatment accorded them. High River played Nanton and lost by a 2-1 score on their own home grounds. The league is to be congratulated upon the auspicious start made in the schedule. One word of warning however is not amiss. Throttle this protesting of games right at the start or it will be problematical whether the season is ever finished.

In Darkness Again

The pin which connects the piston crank shaft to the disc worked loose yesterday morning (Wednesday) and the light and water plant is out of commission. The break in the disc a year or so ago is evidently to blame for letting the pin work loose. If the main shaft has to be sent to the factory in Amherst, N.S., a month or longer would be consumed before the repair could be made. If the job can be done in Calgary a couple of weeks would elapse. If a temporary repair can be effected here a few days may go by with nights of gloom. All is on the knees of the gods.

LATER—Advice has been received from a Calgary firm which will undertake to sweat the pin in the disc and make a permanent job. If this be possible, the lights may be on in a few days.

Gunning for Cutworms

So far as Mr. Strickland, the Dominion entomologist, has been able to determine, there are no cutworms at work this year,—yet. His report is very gratifying, and it is the opinion generally that this devastating creature has done its worst in Western Alberta, although Mr. Strickland is not of the fact at once, so that he would be surprised to hear of his appearance.

He especially requests through the Herald, that any farmer knowing of the appearance of the cutworm on his or any other farm, advise him of the fact at once, so that he may be ready to use what preventive measures he can before the growth is advanced to any extent. He is very anxious to stamp out this pest, and must have the co-operation of every farmer whose land is infected in order that all may be protected.—The Lethbridge Herald.

CLARESHOLM TOWN COUNCIL

Mayor—Norman Holmes.
Council—J. B. Basse, C. J. Brown, A. Hutton, W. James, J. A. Mitchell, A. C. Roney, Sec. Treas.—J. F. Reynolds, Solicitor—H. O. Haslam, Medical Health Officer—Dr. B. F. Steeves.

STAR LINE NEWS

Everybody is so busy finishing seeding that news items are as scarce as hens' teeth.

The Export League met on Sunday evening at the home of Mrs. S. C. Williams. The topic and the discussion which followed was very interesting. There was a good attendance.

S. C. Williams has purchased the scales formerly used at the coal office of Moffatt & Sons. He is preparing for business when the C.N.R. locate a town near him on the new line.

LYNDON NEWS NOTES

G. Boddy was in Claresholm on Thursday.

W. A. and Mrs. Lyndon were to town on Saturday.

Thos. Moore, of the '44, is expecting to leave for the east on a business trip shortly.

The fire warden had a call to fire on Thursday afternoon which for a time threatened the Foxhills Lumber Co. mill and runways. It is alleged that a fire, set for burning stubble on Wm. Andrews' place, got beyond control and spread by a south wind which started to climb the ridge. W. A. Lyndon, assisted by the neighbors, succeeded after strenuous effort in cornering the blaze on the top of a knoll between two coulees before it had topped the ridge. By about three in the morning, all danger had disappeared and the fire-fighters returned to their homes. Had the fire crossed the ridge, much damage might have been done to the mill property and to the property of the settlers in the vicinity.

FORUM

Answers to letters must be signed by the correspondents. This rule will be strictly observed whether the correspondence is valuable or not.

CONSOLIDATE THE CLUBS

Sir: I shall be much obliged if you could find space for this letter on what seems to me to be a pertinent matter. Here in Claresholm there are several organizations which appeal for public support—our band, our football club, our football club, the curling club, the Fair Association, etc. Each meets in a greater or less degree, "Expenses." How would it be for the clubs to join and have a "central board." This is not a substitute for the present working of the different clubs but is intended to take the responsibility for the expenses. Each club would still collect its membership fee, arrange its own matches, etc. Each club would turn over its collection to the central board, upon which it would be represented by representatives, one for every agreed number of prepaid membership. The central board would then have the power to levy a special fee, say 5 cents per member per club per week. This should foster a more concrete spirit of sportsmanship in the town and we should soon secure fair association, curling rink, handball, etc., going ahead and a complete without laying the cost upon the shoulders of a few.

Yours in true sporting spirit,
One in Claresholm.

PIANOFORTE PUPILS GIVE RECITAL

A Splendid Evidence of the Musical Talent Developing Under Mr. Kofatt's Direction

The auditorium of the Public School was thronged on Saturday afternoon by the parents and friends of the boys and girls who, as members of the music class of Wm. G. Moffatt, were to entertain with a lengthy program of pianoforte selections and at the same time show to their admiring friends the proficiency which had rewarded the long hours of practice during the past term. Assisting these were several of the local vocalists who gave a dash of variety to the program and who afforded an opportunity to several of Mr. Moffatt's class to show their ability as accompanists. The serving of refreshments in the hall of the school added the social touch to the afternoon's enjoyment. Below we give the names of the entertainers with the selections each had chosen.

Marriage a Failure

"Is Marriage a Failure?" is a failure as far as Claresholm is concerned. An accident to one of the principal makes the cancelling of all dates an unavoidable necessity. There will be no show to-morrow (Thursday) night as failed.

W. J. Stephens, principal of Claresholm School of Agriculture, left on Sunday for Edmonton.

BADGE; FLAT NEWS

Ed. Chapman has commenced the drilling for water at the farm of W. R. Pink.

W. J. Harris is removing his buildings from this neighborhood to his new location.

Mabel Whitehead, Blanche Averill, Ernest Atkinson and W. D. Anable motioned to Claresholm on Sunday evening.

The quarterly board meeting for the Grain Belt Methodist church will be held at W. Barr's home on Friday evening at 8 o'clock.

FURMAN

G. F. Poole was a visitor to Claresholm on Friday.

Mason and Ford have the contract to build a four mile drift fence for C. D. Hardy on his ranch.

The mill began the season's cut on Monday last.

A. G. Smith, inspector of timber limits, came out with W. H. Gedy on Monday to inspect the area timbered over during the winter.

Rat Patterson is just completing the erection of a barn on his farm and is hauling his lumber from the mill.

Why should not the mail routes to the Farmington profiles be made a rural delivery route? The Meadow Creek route would serve many who are behind many days in getting the mail that has been carried past their premises. An application has to be signed and sent to Ottawa.

An Excellent Sermon

A very large attendance at the Methodist Church last Sunday evening heard the pastor, Rev. J. M. Harrison, preach an excellent sermon and one appropriate to the occasion, Mother's Day, using the beautiful story of Ruth and Naomi as the basis and the description of a good woman given in the last chapter of the Proverbs. It was a masterly address and made a deep impression upon the hearers. The singing of "The Homeland" by Mrs. Steeves took many back in memory upon a scene of a home never to return. The service was of the most impressive character throughout.

Protect Citizens Gardens

The regular meeting of the town council was held last Thursday evening. The existing by-laws regarding the running of stock and poultry at large in the town, which are at large came up for consideration. J. M. Harrison was appointed constable and his services are to be paid by a fee of 25 cents for each animal impounded. The complaints of some of the citizens were heard regarding the destruction caused by animals breaking fences and trampling lawns and the right enforcement of the present law will attempt to stamp out the practice of allowing animals to run at large in the town. Proposals were also brought to the council of the repeated and dangerous neglect of the children by-law. The council made an amendment whereby complaint may be lodged before a J. P. against the owner of the land for the damage and a fine of not less than \$5.00 and costs may be imposed.

Every ill-served man means nothing but to sweat during the summer.

Respondent; He Suicides

On Monday morning, on a farm west of Miel Lake, south-west of Grimsby the dead body of Otto C. Peck, a well-to-do farmer of that district, was found with the head terribly mangled. A discharged rifle upon the bed and a twisted bullet on the floor told the sad story. The man had been living the life of a recluse his wife and family residing in Wisconsin. He had written a short time before his death sending money to bring his children to visit him but the visit was not made. Determined to end his loneliness, kneeling upon the bed with the rifle muzzle held in his left hand close to his face, the heavy rifle was discharged by means of a long stick, the force of the expanding gases shattering the head, the bullet rebounding from the wall and falling beside the body upon the bed. In the morning the body was found and a jury was empaneled. On Tuesday, three coroners' juries brought in the verdict that the deceased had committed suicide from a gunshot wound in the head, self-inflicted while temporarily insane. The deceased had a sum of money in his possession and a good bank account. He was respected by his neighbors but his solitary habits did not make for him close friends. The body will probably be taken to Wisconsin for interment.

A Sudden Call

To-day (Wednesday) a large gathering of friends and neighbors attended the Memorial Church to do honor and pay respect to the body of J. W. Drillingier, whose death occurred on Monday morning, May 11th. Mr. Drillingier was in Claresholm on that morning and upon return to his home he was stricken with heart trouble and died before medical aid could reach him. In our next issue we shall have particulars at hand to give a short sketch of the late Mr. Drillingier's life. The bereaved family have the sympathy of the entire neighborhood.

Prairie Ve e' No'es

Axel Nelson has recently purchased a driving rig. "A harness and buggy," he says, "and then I am fixed."

Mr. Laverne had a very exciting time getting his heater to the back ring this week. She was the wild cat on wheels, older than the brew that wore the skin to the back the H. B. K. gloves.

Another runaway took place on the north farm of Fraser & Law. Four horses hitched to a seed drill became frightened and got out of control. Everything turned out badly for the horses and driver but the seed drill came to grief.

Jack McAlpine left on Monday for Belleville to visit his brothers Archie and William.

Made Good M e

The city of Lethbridge is the first city in Alberta to which the Young People's Societies of the various churches have for stated their union by agreeing to unite in one large Young People's Union. The first service under the new system was held on Sunday evening.

CREDIT WHERE DUE

Our attention has been called to a fact of which we were unaware last week when discussing the disastrous condition of the front streets. We were giving credit in our own mind to the town council for the levelling of the streets that was done a week or so ago. We criticised them for not following up the matter with the effect of removing the blot on the town. Now we are informed that the levelling done a week or so ago was done solely on the initiative, and through the generosity, of a private citizen, who gave freely his own time and the work of his teams and man to set the town an example. We are sorry that we had not been aware of this and our strictures would have been more severe upon those whose neglect was so glaring and our appreciation of the public spirit of C. E. Tillison, who donated the work would have been expressed.

FOOD FOR THINKERS; WORK FOR DOERS

The town is operating a 200 h.p. plant for the evening hours to furnish the citizens with light at 15c when a 50 h.p. plant would do. It is operating the same 200 h.p. plant to supply water here for the improvement of school yards. It is costing an average of \$300 per month to feed the town of the 200 h.p. plant. It is taking about \$300 per month to pay for wages, oil, etc. Here is where the greatest lack of finances lies, not in the pipe line.

A gas engine, 110 h.p., could be bought for approximately \$6000. The light could be operated during the evening and the water pumped during the morning as at present. The fuel would cost about \$2.50 a day instead of \$10. The wages could be reduced \$100 per month. The saving to the town would be approximately \$385 per month.

The gas engine could be bought on terms, one-quarter down, balance at six, twelve and eighteen months, no doubt. The monthly saving would be enough in 18 months to pay for the engine, from that time the saving would be a step each month toward solvency.

But where can the \$1250 for the first payment be secured. If the property-owning citizens of this town were over in a town which had been forced into bankruptcy, they would know that such a position would take more from their pockets in the depreciation of property and general decay of all enterprises than the raising of \$1250 to make a first payment on a means of escape from insolvency. There are more than 25 citizens who are possessed of the means and who have so much at stake as to make it wise to contribute \$50 toward the first payment and be reimbursed partly or wholly by the refunding of water or light accounts or both.

It is not a venture. The cheapness and efficiency of the gas engine have been proven and not at a very great distance either. The facts are approximately correctly stated. The threatened danger is not exaggerated. The terrors and losses of the receiver-ship are not being invented to frighten children. It is time the citizens held an emergency meeting and took the matter of solving their own financial problem seriously.

Correspondence is invited through these columns. Sign a non-disciplined, if you wish, for publication. Your name must be attached for the editor's protection. An editor was threatened with jail the other day unless he divulge the name of a correspondent. He went to jail. The correspondent's identity was not made known.

That "Clean-Up" Campaign

If you give a little time and a little energy you could help to make this town a more desirable place to live in, raise the value of your property and incidentally increase your own personal store of wealth, would you hesitate about it?

Don't lose your chance. The "Clean-up and Paint-up" campaign will help to improve the town to make it more attractive and to raise its reputation with the outside world. If the enthusiastic support of every citizen can be enlisted it will do more toward improving the town than the expenditure of large sums of money on parks and public improvements.

Are YOU going to do your share? The question is addressed to everyone—householder, housewife, a school child. Everyone in town from His Worship the Mayor to the tots in the primary classes can do their share of the work.

In many American cities "Clean-up and Paint-up" campaigns have been started and carried through almost entirely on their own initiative by women's clubs. They have organized themselves into committees, secured publicity for the movement in various ways, enlisted support in all directions and during the week set aside for the purpose, have taken an active share in the work. This shows what an important part the women of a town can play in this movement for a cleaner and brighter Claresholm. As for the school children, they can do their share by helping to clean up their yards. Here is a suggestion which might be carried out with good results. Let the children also help by carrying out plans for the improvement of school yards. School yards are often among the least tidy and attractive places to be found. Arrange with the pupils to stay after school some afternoon, and allot a task to each. Set them to raking and leveling the playground, planting flower beds and so on. Their interest might be raised to such an extent that they would endeavor to keep the playgrounds attractive the whole year around.

The support of everyone in Claresholm is needed to make the "Clean-up and Paint-up" campaign a success. Support it yourself and get others to support it.

Teachers Trained for Cadet Instructors

Government Offers Six Weeks' Training Course to Public School Teachers

Dr. Scott has received word from Col. Cruikshank that the department of militia and defence will hold a course of instruction at Calgary for school teachers who desire to qualify as cadet instructors this year under similar conditions to those held in previous years.

This course will be held in this city commencing July 1st and lasting for six weeks. It is limited to fifty male teachers. Transportation to and from Calgary will be provided for all accepted candidates, and during the course an allowance of \$1 per day for pay and \$1 for subsistence will be made to cover all expenses. —The Calgary Herald

Pilgrimage to Norway

Montreal, May 2nd—A party of Norwegians numbering 124, arrived at Windsor station Friday night from the west on their way to take part in the Scandinavian-American exhibition at St. Christians. They came from Edmonton and Camrose under the care of Thorleif Iversen, a descendant of Lieft Erickson, the first Norwegian to land in America about the year 1000. Others will join the party from the east, to make a total in the party of 600. Claresholm and Stavelly contributed their quota and those who could not go are sending their hearts and thoughts Norway-ward, during this centennial celebration.

Facts About Flies

By Dr. C. S. Manson, M.H.O.

The Fly is here!

Man the swatters! It's the early fly that should get the swat.

5,598,730,000,000 is the normal number of flies a pair of flies starting housekeeping will produce from April 15 to Sept. 10, according to a statement of Dr. L. O. Howard, U. S. Government expert.

If one pair of energetic flies can produce by September 10th, 5,598,730,000,000 flies, how many will one pile of manure produce?

If flies were as much feared as bad water there would be less typhoid fever.

Don't allow flies in your house. Don't eat where flies are tolerated. Don't buy from a store infested by them.

Screen your windows and doors; do it early! Catch, poison or kill all flies that get in.

See that your premises and the premises about you are kept clean and sanitary at all times. We want the co-operation of every man, woman and child in the war we are to wage this season on the fly.

Remember, that the old tin can when it contains water, is a favorite breeding place for the mosquito. See that all tin cans are removed during this campaign. —The Calgary News-Telegram.

Farmers' Case in Court

Hearing was commenced in the supreme court, Wednesday morning, in the case of Connor et al. vs. Smith. The plaintiffs to the action are William Connor, L. L. Jones, P. Ovatt, F. Caron and George Atwell, all farmers of Stavelly. The defendant is a broker, also a resident of Stavelly.

The plaintiffs claim that they bought a 33h.p. threshing machine from the defendant in 1909, for which they agreed to pay \$14,000 as follows: January 1, 1910, \$200;

1911, \$700; 1912, \$700; 1913, \$800; 1914, \$800; 1915, \$800.

Notes were given for this amount and it is claimed that the machine had been misrepresented to the plaintiffs and certain extra parts, that had been promised, had not been furnished. They therefore claim a return of the notes and \$2,000 damages for time lost through the extra parts not having been supplied, as per the agreement. The case was continued Wednesday afternoon.

W. M. Campbell, K. C., and J. C. Brokowski are appearing for the plaintiffs, and the defence is being conducted by A. H. Clarke, K. C. and F. S. Albright.—The News Telegram.

Report a Good Year

The fourth quarterly official board meeting of the Methodist Church was held in Stavelly on Monday afternoon. The reports from the various departments of work show a good surplus in hand and a good year's work to their credit.

The following stewards were elected for the ensuing year: Mrs. M. L. Miller, Mrs. B. J. Ostrom, J. A. Watson, Joseph Wakefield, Chas. Tyson, Mrs. Wm. Richardson and W. A. Scott. John A. Watson was elected recording steward to fill the vacancy caused by the death of the late James Broomfield. The circuit raised \$840.00 during the year.

WANTED

NECESSITY NOT VANITY

In the old days, when a person had a photo taken, he was considered vain, but in these modern times, when our friends and relatives have to see how we look in a photo, it is not only vanity, but it is a necessity. It is a family record of the children that take place in such a few years. If we only knew that one of our loving children was to be suddenly taken away from us we would fly to the nearest photographer and have his photo taken. Every family should be prepared for this and should have their children photographed either separately or in a family group.

Stavely Locals

Peter Bruhn was a Calgary visitor on Thursday.

L. B. Ward moved into the Allan bungalow last week.

Mrs. J. W. Lloyd, of Parkland, was in Calgary on Friday.

J. C. Allan moved into his new house at the north end of the town.

John Desler moved on Wednesday to the house vacated by Mr. Simonsen.

E. D. Smith, T. B. Sanford and O. A. Ostrum were Calgary visitors on Friday.

Mrs. George Wilson is suffering from a severe attack of erysipelas and eczema.

Miss T. Keiver, Miss A. Riddell, and Miss A. Penny, were Calgary visitors last week.

Mrs. Riddell, Miss Penny and Mr. St. Clair, of Sunny Slope, spent the weekend with Mr. and Mrs. T. Keiver. Mrs. Keiver returned.

THE PEOPLE'S CORNER

Advertisements inserted under this heading not over six lines, are an insertion: three insertions for \$1.00. Lost Found, Estray, For Sale, Help Wanted, Situations Wanted, all bring quick and best results when inserted in The Advertiser. Remember, we issue papers for Stavely, Grannan, Cayley, and Clareholm.

SITUATION WANTED

An experienced Chinaman wants a situation as cook in a hotel or private house. For references, etc., apply R. K. Peck, Clareholm. 2-4

EGGS FOR SETTING

A limited quantity of Buff Rock eggs for sale for hatching. Guaranteed good laying strain. Price: \$2 for 14.

R. E. Moffat, Clareholm, Alta.

NOTICE TO FARMERS

Orders will be taken at the local Farmers' Co-Operative elevator or by the secretary of the Five-Mile Union, U.F.A., R.S. Law, for plowshares. As soon as a sufficient number of orders are received, a supply will be obtained. Do not delay in placing your order with either of the above mentioned.

Notice of General Meeting

A general meeting of the Five-Mile Union, United Farmers of Alberta, will be held in the Parish Hall, on Saturday afternoon, May 18th at 2 o'clock. As business of importance will come up for discussion, every member of the Union should make an especial effort to attend.

R. S. Law, Secretary.

Stop Your Auto

Following are the road rules (?) for auto drivers this year.

In case a horse will not pass an auto the driver must take his machine apart and hide the parts in the grass.

On approaching a team the automobile must stop offside and cover his machine with a tarpaulin painted to correspond with the scenery.

In case autos make a team run away the penalty will be, \$25 for the first mile the team runs, \$100 for the second and \$200 for every mile after that.

The speed limit in the country this year will be a secret and the penalty for violating same will be \$10 for every mile the offender is caught in excess of it.

On approaching a house where roads are dusty the car will slow down to one mile an hour and chauffeur will sprinkle dust in front of car with a sprinkling can.

Autos running on country roads at night must send up rockets every mile and wait ten minutes for road to clear, then proceed carefully blowing horn and shooting Roman candles.

Autos must be seasonally painted, that is, so that they merge with the pastoral scenery, green in spring, yellow in summer, red in autumn, and white in winter.

On approaching a corner where he cannot see ahead the driver will stop not less than one hundred yards from the turn. Toot his horn. Ring bell. Fire revolver. Halo and send up three bombs at intervals of five minutes each.—The Pilot Mount Sentinel.

FOR SALE

Pure-Bred Berkshire Male Pigs for sale. T. C. MILNES, Clareholm.

ESTRAYED

On the premises of W. A. Lyndon (See. 27-Tp. 124g. 29, W. 4.) one small red and white cow, half tail, right horn off, about seven years old, branded H U, with bar over, on right shoulder. 5-7

From Credit to Cash

The Central Meat Market has decided, on and after May 15th, to do nothing but a cash business. The amounts outstanding upon our books under the present system works injury to ourselves and to our customers. We will pay for cash and as cheaply as possible and we will sell as cheaply as a possible; hence our customers will gain doubly by the change from a credit to a cash system. D. H. SARAGE.

IN THE DISTRICT COURT OF THE DISTRICT OF MACLEOD

Between
JAMES A. GAUDIN,
Plaintiff,
and
W. H. CULBERTSON,
Defendant.

TAKE NOTICE that an action has been commenced against me by James A. Gaudin to recover the sum of \$200.00 for money loaned to me on March 1914 and also costs for this action.

AND FURTHER TAKE NOTICE that if you do not enter appearance and deliver defence to this claim with the clerk of the above Court on or before the first day of June 1914, the Plaintiff shall be at liberty to sign judgment against me for the amount of the said debt and the costs of this action.

LOCAL AND GENERAL

Boost for the Victoria Day sports. Wm. G. Moffatt made a trip to Calgary on Monday.

R. S. Gowdy visited Monarch on business on Monday.

G. Boddy, of London, was in Clareholm on Thursday.

Forget the pipe line and take a look about the power house leak.

Mrs. J. A. Mitchell went to Calgary on the Monday morning train.

J. P. Smith and wife, of the Hills were Clareholm visitors on Tuesday.

Wm. Moffatt, M.P.P., left for Edmonton on Tuesday morning's train.

To stop 75 per cent. of the big power house leak is decidedly worth while.

Sydney Lamb and John Oliver, of Meadow Creek, were here on Tuesday.

Ok Swan moved his family and his household goods to Kelowna, B.C., this week.

Maurice Wall and family have returned after spending the winter in Somerset, England.

S. G. Carlyle, assistant superintendent for provincial Demonstration Farms, was in town on Thursday.

The sacrament of the Lord's Supper was administered at the Methodist Church last Sunday morning.

Read The Advertiser, The Paper Which Is Read. Send it to your friends. You need not be ashamed of The Advertiser.

D. Dolph, who was in the employ of M. Fisher, left for Macleod on Monday. Mr. Dolph has accepted a position at that place.

A. G. Smith, the Dominion government inspector of timber limits, arrived on Sunday and accompanied W. H. Cody to the Hills on Monday.

Mrs. Eicher, whose illness was reported in these columns, died on Wednesday of last week and was buried on Friday in the Clareholm cemetery.

C. J. Thompson, who has been visiting with his brother, A. E. Thompson, for some months, left this week for his home in Winnipeg, Man.

A. O. Newman, of Calgary, representing the London and Lancashire Life, spent a few days in town, assisting his agent here to close up some considerable business.

Rev. H. M. Anderson is commencing on Sunday next the holding of regular services at Stavelly, the Presbyterian Church being used for the time being. The services will be held at 3 p.m.

Nanton has protested the league football game with Stavelly, which was claimed by the latter by a one goal score. Nanton bases its claims upon the alleged inefficiency of the referee, Rev. Kennedy, of Stavelly.

C. A. Florence was in town on Tuesday. He is still talking a little lame as the result of an accident while slaughtering hogs a short time ago. The knife, slipping, had gashed his ankle, and medical attendance was necessary to prevent infection.

The representatives of the churches in the Rural Denominational High River are meeting in town to-day and are requesting the members of the Church of St. John the Evangelist in whose hall deliberations are being held. Among those present are: Rev. R. Alderson, Okotoks, who is a guest at the rectory; Rev. T. B. Winter and Major Burke, of High River, are the guests of Thos. Gray; Rev. W. E. Herbert, Dinton, and Rev. Horace Wilford, of Millerville, are the guests of J. R. Watt, and Rev. J. Cartledge, of Nanton, who is the guest of Mr. Smith of the Bank of Commerce. J. R. Watt and J. R. Kinkley are the local representatives.

Walls & Price are shipping three carloads of hogs to-day.

Geo. F. Poole, of Furman, was in town on Friday last.

C. Turpin visited Parkland on a business trip on Monday.

A Mr. Allard has taken the house formerly occupied by J. A. Gaudin.

E. O. Richards, of Parkland, was in town on business on Friday last.

T. A. Brereton, of Vancouver, was registered at the Queen's on Thursday.

Tag Day for the band is a wise move. Every citizen can help proportionately.

A glow in the sky last Thursday night gave evidence of a fire of no small proportions in the Hills.

Martin and Mrs. Lebean returned on Monday from Macleod. Martin's health has benefited by this rest.

Mrs. G. Buckingham is improving the appearance of her residence this week by painting the exterior.

The kid says that "appendicitis is where the doctor opens your anatomy" and takes out your pocket-book."

The business men, almost in a body, attended the funeral of the late J. W. Drollinger on Wednesday afternoon.

Write and invite your friends to dinner with you on the 25th and take them to enjoy the races and games on Victoria Day.

J. S. Proven returned to-night looking very much improved in health by his rest. He resumes his position at the Union Bank.

A tug-of-war will be a big feature of Clareholm's May 24th celebration. Country heavy-weights vs. town ought to provide good fun.

The proceeds of Victoria Day go to the Park Association and help the agricultural fair. Think of this when you are fingering your small change.

W. M. Ross returned on Monday from Calgary, where he has been ill with appendicitis. He is still rather weak, but is regaining his strength.

The old landmark, Moffatt's coal office, was moved by J. W. Hallett, last Friday, and is now being put to other uses at Mr. Hallett's residence.

The Farmers' Co-Operative Elevator Co., through their representative here, have offered as a prize a barrel of flour to be given to the man with the largest family at the sports on Victoria Day.

Elevators at this point shipped 23 cars of wheat last week, the Alberta Grain Co. and the Alberta-Pacific Grain Co. being the heaviest shippers. There is still a large amount of last year's crop to be shipped from this point.

Geo. Ringrose is constructing a glass front chicken house, 110ft. long, divided into nine pens. The lumber used is from the debris of the old curling rink. Six cases of glass will be required to put in the front of his new hen mansion.

With Messrs. Beatty, Carline, Hardwick and Gray as bondsmen, Neville and Huston, of Stavelly, who were held on the charge of cattle stealing, were admitted to bail and returned to their homes. The case will come up for hearing shortly.

P. S. Going, former superintendent of the Clareholm electric light plant, but recently in charge of a shift in the Exshaw cement plant, stopped over in Nanton, Thursday, on his way to Lethbridge. Mr. Going is a probable successor of Thos. D. Stockdale in the electric light plant here, when the latter gentleman leaves for the Pass the latter part of the month.—The Nanton News.

Our Job Plant Is Up-to-Date In Every Particular. Call In

Men have been busy this week removing the accumulation of manure from the street at the tie-points in front of the stores.

Among the big events on Victoria Day will be a mile race, open, Meadow Creek long-distance runners are preparing and there are some entries from adjoining towns which will likely be made. There are a few local riders who will put up a stiff argument. These are expected to go into training at once.

Remember the meeting at the I. O. O. F. Opera House, on Saturday evening, when Norwegians and their friends join in the celebration of the Hundred Years with their brethren to the Old Land. Native costumes will be worn, national airs will be sung, addresses in English and Scandinavian will be delivered and altogether the evening program should prove interesting to Scandinavian and English speaking people alike.
